

PUBLIC SAFETY COMMITTEE
MEETING
MARCH 27, 2014

Chairman Ed Meier called the meeting to order at 6:30 pm.

Present were: Al Chamberlin, Larry Fuller, Jim Christian, and Chairman Ed Meier.

Absent were: Anne Minley and Jeff Lofton. Alderman Audrey Hollis was out of town.

We reviewed and discussed the Police Reports.

We reviewed and discussed Ordinance 1497 (Vicious Dogs). The board said if we would eliminate the highlighted section it should come into conformity with other ordinances around the county. (See attached)

The Board of Aldermen asked for more information on ordinances banning the "one time use plastic bags". The attachment is one of many being used now.

We also had a resident ask about trimming a large tree, on city easement at the corner of Coburg Lands Dr. and Bakewell Dr. He said he has a large camper that he brings home at times and the tree hits the side and top. He also stated trash trucks hit it all the time.

We also asked the Board of Aldermen about requiring all businesses to place trash cans outside their business.

It was also brought to our attention about the amount of vehicles parking in the grass and yards. We would like the ordinance enforced.

Also we would like to see something in the Newsletter about the "Noise Ordinance" now that warmer weather is coming on.

The meeting was adjourned at 7:00 pm.

Next meeting is March 27, 2014

Respectfully Submitted
Larry Fuller, Secretary
