These allocations are based on a per capita amount tied to census data which tabulates the number of low and moderate income residents for each city in St. Louis County. The allocations for those municipalities which census data indicated had population concentrations of low and moderate income residents that were greater than 50% had allocations calculated by multiplying the low/mod population by factors varying from 2 to 5 based on the percentage of low/mod population in the municipality.

### 2021-2022 FISCAL YEAR BUDGET MESSAGE FROM THE MAYOR

Our priority for the City of Bellefontaine Neighbors, is to continue to move forward as best as possible to provide the most effective services to our community in a very mindful manner. As in the prior year, we are in the midst of managing a very unique financial situation that has been prompted by the COVID-19 pandemic that continues to persist to this day. Addressing such uncertainty has had an impact on our economy and our current budget reflects the adjustments needed to maintain the City's effectiveness during this challenging time.

Our expenses reflect continuing growth due to inflation, cost of goods and services needed, along with a lack of adjustments to the prior year's budget. Our staffing in Administration and the Street Department are stabilized but the demand for services continue to rise. It is the continued belief that monies must be raised going forward from sources we, as a City, have not raised in the past with the exception of the aide received from the CARES ACT relief funds. Looking to the future, I recommend we continue to seek opportunities to utilize our resources in a manner that would allow the City to pay for its services while fulfilling the needs of our community.

All department reflect subtle increases in expenses when compared to the previous year to account for activities postponed due to COVID. Commissioned police officer salaries continue to be partially funded by Prop P sales tax income. Currently, this fund continues to exceed the original St. Louis County estimates; however, it is expected that the income will decrease over time because of the lack of sales tax revenue generated in the region.

A primary area of interest, as in prior years and continues to be, is the utilization of the City's Recreation Center. Though some improvements have been made, there are further costly repairs and upgrades needed. In addition, there is a focus on maintaining an adequate facility to provide plenty of program offerings that meet the needs of the community.

There is also a focus on meeting the needs of our Street department to ensure our streets are clean and the department has everything they need to be the most effective. This includes new equipment and supplies to further improve the appearance of the community.

Lastly, we are in a unique financial state considering the CARES ACT funds received and the expected RESCUE ACT funds. Unlike prior years, the access resources have created an opportunity to make the well needed updates to the city's physical and technical infrastructure to prepare to meet the needs of the future without creating an operating deficit in the coming fiscal year.

Tommie Pierson Sr., Mayor
